## D.156.3 ARMCHAIR — GIO PONTI 1956 / 2017

1—  
2

Designed by Gio Ponti and produced for Altamira, an American company founded by the nephew of the Spaniard De Cuevas, was displayed in the company's showroom in New York. The presentation catalogue reads: "It was thought that architecture should be purely functional, with very little margin for decoration. But the Italian genius could not help but create architecture with a more human face, which we call the Latin touch".
