

Frank, Ernest and Henry pouffes in Zig Zag

Donna Wilson

Donna Wilson has come up with a playful response to the problem of occasional seating. She has designed a range of three low lying pouffes. Each is made by hand stuffing Calico bags and upholstering them with knitted panels, reminiscent of segments of an orange. The pouffes come in three sizes. Henry is a slightly taller cylinder shape while Frank and Ernest are a lower flattened ball shape in two sizes. They are available in three colours and feature a distinctive geometric Zig Zag pattern. The pouffes are designed to bring a little softness, intimacy and colour into the home. Upholstered in a specially designed Donna Wilson knitted wool pattern made in Scotland. Also available in Nos Da, Bora Da, Braid Caspian and Field Day fabric. Made in UK.
