## YALE X

Designed by Jean Marie Massaud

Armchair and sofa with strong personality and large cushions, providing considerable comfort and great functionality. Available in two different seat depths, and in two different backrest heights, which guarantee a comfortable sitting position and strong adaptation to the needs and requirements of the moment.

### CUSHIONS

Backrest and armrest with internal loadbearing structure in tubular aluminium and a particular system for fastening to the profile. Variable-density foam polyurethane padding and cover in Rollo Fill® (polyester microspheres) and polyester wadding. This particular composition of the cushion gives the padding natural softness and elasticity, a long lifespan and high comfort. Cushions with topstitched seams and raised profiles.

### SEAMS

These contrasting seams characterise and identify the Yale X collection, only for the high backrest variant. Available in the colours white, medium grey and anthracite, which can be selected and combined by the client.

### FRAME

Extruded aluminium frame with elastic bands, diecast aluminium feet. The frame is painted matt white, stone grey and anthracite grey.

### POUFS

The collection includes three new pouf models: L75xD75, L150xD75 and L150xD44 with frame H30 cm, always in the same finish as the sofa.

### COVER

The upholstery in fabric or leather covers every part of the sofa and is completely removable.
