## **OZ**— NICOLA GALLIZIA 2011

1—  
3

Oz is an item that is easily converted from “sofa” into a comfortable “bed.” The sofa has an adjustable back with two positions to create seats that offer different depth and comfort. The sofa is converted into a “bed” by the cutting edge patented mechanism that enables extraction of the bed base with depth 200 cm, and causes lateral armrests to automatically fold in under the frame. The completely removable fabric covering is characterised by quilted parts with an original design and coloured stitches that contrast with fabric hues. Oz can be enriched with additional cushions.
