

Rectangular

Superelliptical

Circular, Rounded-square and Square

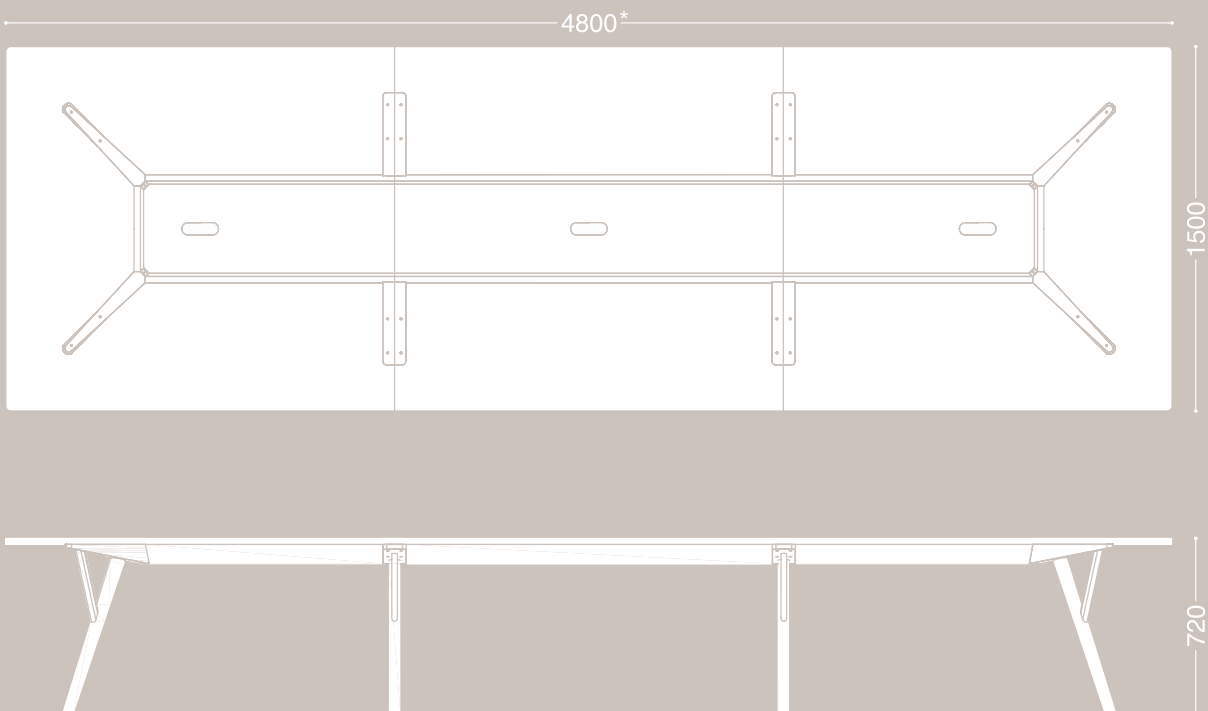

Peggy is a versatile meeting, dining and workbench table system with a solid ash base and built-in cable management.

Peggy is available in 20 standard size tops and 5 shapes, circular, rounded-square, square, rectangular and superelliptical, using laminate or ash veneer.

The Peggy table system is made by SCP from sustainably sourced European ash and the tops are bespoke to your requirements fabricated in the UK.

Workbench and Conference Table

*Also available 3200 x 1500mm and 6400 x 1500mm

The Peggy workbench is available in a four, six or eight person configuration with other sizes on request. The Conference table can be produced in a wide range of bespoke shapes and sizes to suit client's needs.
