

MAARTEN

design Victor Carrasco 2014

A system of tables based on a minimalist leg with a levelling device; a technical solution requiring no structure, for fixing straight to the top. Its "one mile" concept expresses how it can be used for breakfast in the kitchen, then working in the office, for eating in its restaurant version and later on for a meeting around it as a boardroom table and finally for dinner in the evening... This innovative system allows for endless uses, finishes and formats.
