

## B 200 ST

arch. Roberto Romanello

Armchair in fire-retardant coldfoamed polyurethane covered in polyester fibre, with metal frame and multilayered wood. Covers in fabric, microfibre, leather or faux leather. Steel base, available chromed; carbonium-chrome; or epoxy powder coated red, white or black.

## C 200 ST

arch. Roberto Romanello

Armchair in fire-retardant coldfoamed polyurethane covered in polyester fibre, with metal frame and multilayered wood. Covers in fabric, microfibre, leather or faux leather. Steel base, available chromed; carbonium-chrome; or epoxy powder coated red, white or black.

## B 300 ST

arch. Roberto Romanello

Armchair in fire-retardant coldfoamed polyurethane covered in polyester fibre, with metal frame and multilayered wood. Covers in fabric, microfibre, leather or faux leather. Steel base, available chromed; carbonium-chrome; or epoxy powder coated red, white or black.

**B 300 R**

arch. Roberto Romanello

Small armchair with wheels made in fire-resistant cold-foamed polyurethane with metal structure and multilayers wood. Covering in fabric, microfiber, leather or ecoleather.

## B 400 ST

arch. Roberto Romanello

Armchair in fire-retardant coldfoamed polyurethane covered in polyester fibre, with metal frame and multilayered wood. Covers in fabric, microfibre, leather or faux leather. Steel base, available chromed; carbonium-chrome; or epoxy powder coated red, white or black.

## L 100 ST

arch. Roberto Romanello

Armchair in fire-retardant coldfoamed polyurethane covered in polyester fibre, with metal structure and multilayered wood. Covers in fabric, microfibre, leather or faux leather. Steel base, available chromed; carbonium-chrome; or epoxy powder coated red, white or black.

**L 100 ST B - L 100 ST BG**

arch. Roberto Romanello

Armchair in fire-retardant coldfoamed polyurethane covered in polyester fibre, with metal structure and multilayered wood. Covers in fabric, microfibre, leather or faux leather. Steel base, available chromed; carbonium-chrome; or epoxy powder coated red, white or black. Version BG: swivel.

## S 200 ST

arch. Roberto Romanello

Bergère chair in fire-retardant multidensity polyurethane foams covered in polyester fibre, with solid wood structure and multilayered wood. Covers in fabric, microfibre, leather or faux leather. Steel base, available chromed; carbonium-chrome; or epoxy powder coated red, white or black.

## S 200 ST B - S 200 ST BG

arch. Roberto Romanello

Bergère chair in fire-retardant multidensity polyurethane foams covered in polyester fibre, with solid wood structure and multilayered wood. Covers in fabric, microfibre, leather or faux leather. Steel base, available chromed; carbonium-chrome; or epoxy powder coated red, white or black. Version BG: swivel.

## S 200 ST S

arch. Roberto Romanello

Bergère chair in fire-retardant multidensity polyurethane foams covered in polyester fibre, with solid wood structure and multilayered wood. Covers in fabric, microfibre, leather or faux leather. Steel base, available chromed; carbonium-chrome; or epoxy powder coated red, white or black.

## P 200 ST

arch. Roberto Romanello

Armchair in fire-retardant coldfoamed polyurethane covered in polyester fibre, with metal structure and multilayered wood. Covers in fabric, microfibre, leather or faux leather. Stainless steel base, available polished; carbonium-chrome; or epoxy powder coated red, white or black.

**P 400 ST**

arch. Roberto Romanello

Lounge chair in fire-retardant multidensity polyurethane foams covered in polyester fibre, with solid wood structure and multilayered wood. Covers in fabric, microfibre, leather or faux leather. Stainless steel base, available polished; carboniumchrome; or epoxy powder coated red, white or black.

**P 900 ST**

arch. Roberto Romanello

Chaise longue in fire-retardant multidensity polyurethane foams covered in polyester fibre, with metal structure and multilayered wood. Covers in fabric, microfibre, leather or faux leather. Stainless steel base, available polished; carbonium-chrome; or epoxy powder coated red, white or black.

## E 200 ST

arch. Roberto Romanello

Armchair in fire-retardant multidensity polyurethane foams covered in polyester fibre, with solid wood structure and multilayered wood. Covers in fabric, microfibre, leather or faux leather. Steel base, available chromed; carbonium-chrome; or epoxy powder coated red, white or black.

## G 200 ST

arch. Roberto Romanello

Armchair in fire-retardant multidensity polyurethane foams covered in polyester fibre, with solid wood structure and multilayered wood. Covers in fabric, microfibre, leather or faux leather. Steel base, available chromed; carbonium-chrome; or epoxy powder coated red, white or black.

**D 200 ST**

arch. Roberto Romanello

Armchair in fire-retardant multidensity polyurethane foams covered in polyester fibre, with solid wood structure and multilayered wood. Covers in fabric, microfibre, leather or faux leather. Steel base, available chromed; carbonium-chrome; or epoxy powder coated red, white or black.

**F 200 ST**

arch. Roberto Romanello

Armchair in fire-retardant multidensity polyurethane foams covered in polyester fibre, with solid wood structure and multilayered wood. Covers in fabric, microfibre, leather or faux leather. Steel base, available chromed; carbonium-chrome; or epoxy powder coated red, white or black.
