TENSE MATERIAL

Designed by Piergiorgio Cazzaniga, Michele Cazzaniga

“A smart beauty, resulting from a thought and a know-how capable of transmitting a deep emotion through a wise accentuation of the peculiarities of the materials used”. Piergiorgio Cazzaniga

New look for Tense table offered in three different and surprising finishes.

Wood, brass, stone dress up one of MDF Italia's bestsellers within its collection, thus creating a new range typology: Tense material.

Three noble and ancient materials, that have always been used by man to create furniture, here are processed with a soft brushing that highlights their material qualities. They dress up Tense, arousing new tactile and visual features and stimulating senses.

Brass, a perfect and rigorous surface, made soft by surface brushing that evokes ancient golds.

Stone, reconstructed by using river stones to get a natural surface made soft by an accurate brushing.

Quite a wrinkled and lived wood, a real visual and tactile experience.

FRAME AND TABLETOPS

35 mm thick tabletop.

- Natural oak wood with transparent acrylic finish. Top, edges and legs coated by 3mm thick solid wood
- Stone, in reconstructed stone, transparent acrylic finish. Top, edges and legs coated with application of 3mm thick material.
- Brass, in brass plate, matt brushed finish and transparent acrylic cover. Top, edges and legs are coated with brass plate.

DIMENSIONS

The table is available in 24 sizes, height 73 cm.

ACCESSORIES

The table is also available in a version equipped with 1 or 2 openings and an undertop tray.
