

Oscar bed

Matthew Hilton

The Oscar bed strikes a pleasing balance between modernity and tradition, large in size yet light in appearance. The bed is made from a European hardwood frame covered with a mix of latex, natural fibres, wool & recycled wool and features two slatted mattress bases. The feet are made from walnut stained beech, with the front two being turned versions. By contrasting long straight lines with delicate natural curves, Hilton has created a piece that is both reserved and full of humility. The Oscar bed is a piece perfect for those who like their modernity laced with a little familiarity. Made in the UK. Mattress sizes: single 90 x 190, double 135 x 190, king 150 x 200, super king 180 x 200.
