

DLOF60/F10

Struttura Struttura in legno rivestito con poliuretano espanso indeformabile a densità differenziate e fibra poliestere. Piedi in frassino.

Cuscini I cuscini sono in poliuretano espanso e fibra poliestere o in piuma d'oca.

Rivestimenti La versione Pelle/Lino prevede il rivestimento in pelle solo sulle parti anteriore dei cuscini di schiena.

Il colore del filo è sempre in tinta con il rivestimento.

Su richiesta è realizzabile la cucitura in contrasto nella variante écru. Il tessuto A4399 (Nuvola) è utilizzato esclusivamente per il rivestimento della cuscinatura completa dei divani, non per il rivestimento della struttura o dei singoli cuscini.

Il lino floccato va preferibilmente usato nella sola cuscinatura.

Caratteristiche Gli articoli F06 e F56 sono previsti con una struttura e unica fodera intera. La collezione NEBULA NINE SOFA è sfoderabile.

Attenzione La pelle prevista nell'uso del rivestimento parziale o totale del divano è quella indicata in tирella nelle varianti: B0185 - B0186 - B0187.

Struktur Gestell aus Holz mit unverformbarem Polyurethanschäum unterschiedlicher Dichte und Polyesterwatte. FüÙe aus Esche.

Kissen Kissen aus Polyurethanschäum und Polyesterwatte oder Daunen.

Bezüge Bei der Ausführung Leder/Leinen ist ein Lederbezug nur auf den Vorderseiten der Rückenpolster vorgesehen.

Nähgarn und Bezug stimmen farblich immer überein.

Auf Wunsch kann die Naht kontrastierend in der Variante Ecru ausgeführt werden. Der Stoff A4399 (Nuvola) kann ausschließlich für den Bezug der Kissen einschließlich Sofa ausgeführt werden und nicht für das Sofagestell oder die einzelnen Kissen allein.

Geflocktes Leinen sollte besser nur für die Kissen verwendet werden.

Besonderheiten Struktur und Bezüge für Modelle F06 und F56 nur in einer Ausführung lieferbar. Die Kollektion NEBULA NINE SOFA ist abziehbar.

Achtung Das für den teilweisen oder vollständigen Bezug des Sofas vorgesehene Leder ist im Musterkatalog unter den Varianten B0185 - B0186 - B0187 angegeben.

Structure Stress-resistant polyurethane foam with differentiated densities and polyester fibre on wood frame. Feet in ash.

Cushions The cushions are in polyurethane foam and polyester fibre or in goose down.

Covers In the Leather/Linen version, only the front of the backrest cushions is upholstered in leather.

The colour of the thread always matches the upholstery.

Upon request, contrast-colour stitching is available in ecru. Fabric A4399 (Nuvola) is used exclusively to cover all the sofa cushions but not for upholstering the frame or individual cushions.

Flock linen is used preferably for cushions only.

Features Articles F06 and F56 are supplied with a single cover and frame. The NEBULA NINE SOFA has removable covers.

Note The leather used to partially or fully upholster the sofa is as specified in the sample book in versions B0185 - B0186 - B0187.

Structure Structure en bois recouvert de mousse de polyuréthane indéformable à densité variable et fibre polyester. Pieds en frêne.

Coussins Les coussins sont en mousse de polyuréthane et fibre polyester ou en plume d'oie.

Revêtements La version Cuir/Lin prévoit le revêtement en cuir uniquement sur les parties avant des coussins du dossier.

La couleur du fil est toujours ton sur ton avec le revêtement.

Sur demande, la couture peut être en contraste uniquement dans la variante écru. Le tissu A4399 (Nuvola) est utilisé exclusivement pour le revêtement global de tous les coussins des canapés, pas pour le revêtement de la structure ou de certains coussins.

Le lin floqué est utilisé de préférence uniquement pour les coussins.

Caractéristiques Les articles F06 et F56 sont fournis avec une structure et un revêtement unique. La collection NEBULA NINE SOFA est déhoussable.

Attention Le cuir prévu pour l'utilisation du revêtement partiel ou total du canapé est celui qui est indiqué dans la liasse dans les variantes : B0185 - B0186 - B0187.
