

## Bruce Rowe | SCAPE | Hub

hello@hubfurniture.com.au  
www.hubfurniture.com.au

SCAPE are a series of one-off ceramic forms sculpted by Bruce Rowe, exclusively available through Hub.

Each SCAPE is presented in a custom made box with felt insert, signed and authenticated by Rowe. Available from Hub from 15 December 2017, SCAPE - Series One is a limited collection of 100 unique forms.

SCAPE is generated from a focused and intuitive sculpting process. The resulting object and its coloured surface keenly observes the tactility, tones and materiality of the earth. Burnt oranges, campfire blacks, bush greens, smoke whites and rust are all evoked in the colour palette. The ceramic pieces in each set can be removed from their box, arranged and re-arranged as desired; every new arrangement creating an ever-expanding field of imagination.

Each boxed set of geometric forms has been made by Rowe using a diverse range of Australian clays and finished using glazes created specifically for the project. The intensive making process of sculpting, shaping, finishing and glazing each form results in a unique set that cannot be reproduced or repeated.
